

Metamora

Brush and Limb Collection Policy

Currently, Brush Pick Up is provided weekly on Mondays. Brush collection for the residents and businesses of the Village shall be limited to normal property maintenance by the owner of the property. Brush produced as a result of lot or land clearing activities or the use of outside contractors will not be collected by the Village.

Brush will be collected Mondays from the first week of April to on or around the last week of October, weather permitting. Please place limbs with cut ends towards the street. Branches/limbs shall be stacked in piles not to exceed four (4') feet in height. If necessary, the entire length of the boulevard fronting of the property may be used. The diameter of any branch/limb shall not exceed four (4") inches and eight (8') in length.

Please have brush to the curb, or side of the road by 7am on Mondays during pick up months. Brush placed after this time may not be picked up until the following week. Brush should not be placed near the curb more than 72 hours in advance of the scheduled pick up day.

In the event of a major storm event, a special collection of brush may take place. Residents are advised to call the Village Office at 419-644-2051 to verify if a special collection will be taking place.

Branch piles shall be free of all foreign matter including but not limited to grass clippings, flowers, straw, lumber, wire or steel.

Piles of branches found to contain foreign material or stacked improperly will not be collected. Property owners will be notified in writing of the policy violation needing corrected. In most cases, a minimum of 24 hours will be provided to correct the problem.

Please remember the Village is NOT a tree removal company. This service is for fallen limbs and minor trimming. Remember that any contractor hired (professional tree trimmers, landscapers, etc.) are required to remove from your property any tree limbs trunks, logs etc. that they generate.

The Village of Metamora conducts curbside leaf pick-up for all residents of the Village of Metamora beginning when the leaves begin falling on or around the first of November and continuing until all leaves are collected in late November or early December. Dates are always weather connected.
